iN-Command®

CONTROL SYSTEMS

Pro Plus

GETTING STARTED

All Cedar Creek fifth wheels will now have an iN-Command® Control System. This is an RV Controller that acts as the central hub of operations and allows you to control and monitor many of the systems in your RV. Just download the app and our customer will now be able to control the hub operations from your phone, turning your phone into a remote control for RV operations.

NEW Heated front storage compartment with black ceiling panels and diamond tread floor covering

New Exterior Decals
