

# DID YOU KNOW...?

Nov 2014

Instead of using the TV speakers, you can play "Over the Air" TV audio through the surround speakers. (if equipped)

1. Select **MENU** on your TV

2. Go to **Audio Menu**, turn TV Speaker <OFF>

3. Hit Menu again and navigate to **Setup**.  
Set AUDIO OUT to <Fixed>

4. Head to the dash radio. Touch the upper left corner to bring up the main menu.

5. Select AV\_IN2

Local channels will now play through the surround sound system instead of the smaller TV speakers. The audio will be controlled by the dash radio.

Exterior TV:

The same process will work for the exterior TV (if equipped) for playing through the outside speakers. TV instructions are the same, but then select "Source" on the outside stereo to change that to "Rear Input"

"JUST BECAUSE SOMETHING DOESN'T DO WHAT YOU PLANNED IT TO DO DOESN'T MEAN IT'S USELESS.."
