

ATWOOD® AIR CONDITIONERS

Atwood® **AIR COMMAND™** 16K AND 18K BTU EQUIVALENT **PERFORMANCE**

AIR COMMAND IS THE QUIETEST, MOST EFFICIENT **AIR CONDITIONER** IN ITS CLASS, OFFERING 16K OR 18K BTU EQUIVALENT PERFORMANCE...
THE LATEST TECHNOLOGY USING THE LEAST AMOUNT OF ENERGY.

FEATURING PATENT PENDING
V-FLOW™
AIR DISTRIBUTION TECHNOLOGY

askforatwood.com

Atwood Air Command Air Conditioners, were designed, tested, and proven in the Australian "Outback" to withstand rigors of the harshest elements. Models feature either 16K BTU or 18K BTU equivalent* performance, superior V-FLOW™ air distribution, a digital thermostat with remote control, and an independent dual motor design... even heat pumps come standard in 18K models! Air Command's durability, function, and features are unlike anything else on the market today.

V-FLOW™ Air Distribution

Smooth air transitions quietly (as low as 55dB), and efficiently delivers more CFM of cool air while using less power.

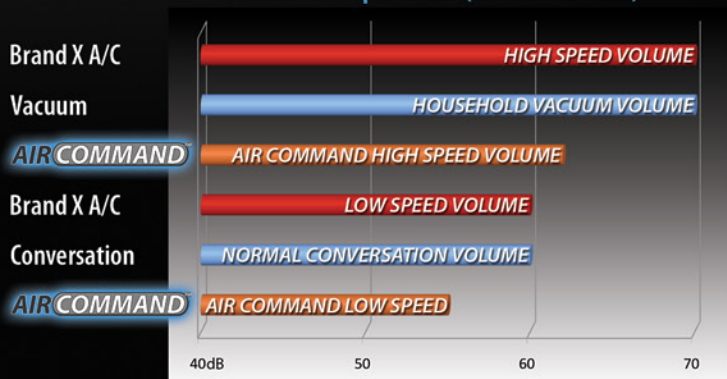

Traditional Air Conditioners

Turbulent Distribution

Energy draining, noisy operation (as high as 70dB) with inefficient air delivery and less CFM of cool air.

Noise Comparison (dB=Decibels)

2,000 Watt Generator Friendly

Air Command's eco-friendly design offers one of the only 16K equivalent* models that can be operated on as little as a single 2,000 watt generator.

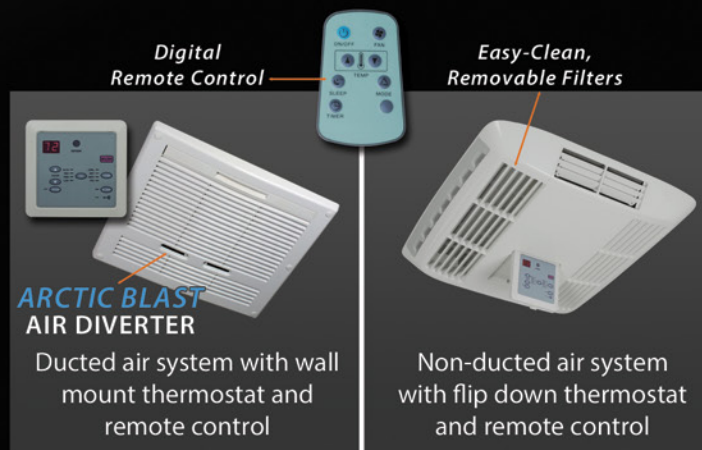

Specifications

	AC-135	AC-150
BTU (Equivalence)*	16,000	18,000
Installed Weight	84lbs.	88lbs.
Air Movement	330 CFM	330 CFM
Heat Pump	---	Std
Thermostat	Digital	Digital
IR Remote Control	Std.	Std.
Warranty	2 Yrs.	2 Yrs.
Approx. Full Load Amps* (Cooling)	11.3	13.9
Running Watts Cooling*	1270	1520

Rooftop Unit Dimensions

Width	26.5"	26.5"
Height	13.6"	13.6"
Length	39"	39"
Roof Cutout	14"x14"	14"x14"
