### PRODUCT OVERVIEW Model # RTH8580WF | Internet # 203356032 | Store SKU # 974156

Convenient control of your home's thermostat is now literally at your fingertips. Easily view or control your thermostat from anywhere with Honeywell's RTH8580WF Wi-Fi Thermostat. Be alerted of temperature swings or make temperature adjustments remotely. You can trust Honeywell's reliable secure network and enjoy maximum comfort by the #1 choice of homeowners and contractors.

- Wi-Fi enabled thermostat allows for remote access via smartphone or computer
- Free smartphone app for iPhone, iPad and Android operating systems
- Precise temperature control - thermostat holds +/-1 degree F accuracy to maximize comfort
- 7 day programming with 4 program periods per day can be configured to meet almost any scheduling scenario for ultimate flexibility
- Pre-programmed with energy savings schedule.
- Universal compatibility - works with virtually any system type (C-wire required)
- Intelligent alerts - high/low temperature notifications of unusual temperature sing and loss of connection to Wi-Fi network alert
- Filter change indicator
- Ability to view local weather from web portal or app
- Smart Response Technology - continually learns when to pre-heat/cool your home so you are comfortable at your programmed times
- Auto change from heat to cool - automatically determines if your home needs heating or cooling so you are comfortable at your programmed times
- Vacation hold - adjusts programming and have it automatically resume the normal settings in time for your return
- Display options - degree F or C temperature display; 12 or 24 hour clock
- This item is compatible with the Wink home automation system and can connect to several other items to control and customize your home with automated rules, shortcuts, & more, all with no monthly fees
